GapSkills Presents

YOUNG  
AMBASSADORS  
PROGRAM

Igniting Minds for a Better Tomorrow

# Program

GapSkills brings a unique 10-day immersive program for young adults, from ages 15 to 20 years. This program imparts essential skills needed for the global marketplace – it introduces participants to key business concepts, cash flows, marketing and sales strategies, project management techniques, technology orientation, professional & interpersonal skills, leadership skills, business etiquette, etc. This program will also help youth set and achieve their current goals through systematic planning and effective utilization of their time and resources. Participants can leverage this learning to improve their approach to executing everything they take up, from educational projects, to study planning, exam preparation, exploring a new field, career planning, etc.

This one-of-its-kind program imparts great thinking skills, creative and innovative approaches to shape and impact future careers of young adults. Participants will engage in practical learning, where they will ideate, solve, present, and defend business management projects, in the presence of experts. They will acquire the essential skills and practical experience to become agile problem solvers and innovators.

This vacation, gift your teenager an exceptional lifetime opportunity, one that will only grow and expand with time.

**Program Dates: 14th to 24th May 2018**
